CEASE AND DESIST LETTER

As legal representative for Domaininfo I hereby inform of the following:

Domaininfo has by registration acquired exclusive rights to the trademark Domaininfo.

It appears from, NETWORK SOLUTIONS, LLC., that Kangmoon Park is the holder of the registration of the domain name doainfo.com. It has come to Domaininfo's knowledge that Kangmoon Park is using the domain name domainfo.com.

The domain name domainfo.com is confusingly similar to the trademark Domaininfo. Kangmoon Park is thereby infringing on Domaininfo's exclusive right as a trademark holder.

It is obvious that Kangmoon Park does not have legitimate interests in respect of the domain name. The name domainfo is not actively connected to any specific information regarding business, services, products or company name on the website. There is no specific domain information in the website, as the website indicates, and there is no other information regarding the purpose with domainfo.com or why Kangmoon Park has registered the domain name.

The fact that there no activity on the website leads to the conclusion that the only purpose Kangmoon Park has registered the domain name is to sell the domain name to an interested third party and thereby make a profit. We have good reasons to believe that Kangmoon Park has made a system out of registering domain names for selling purposes. Further, the usage of the e-mail address domainfo@domainfo.com is confusingly similar with Domaininfo's e-mail address. This causes potential risk that Domaininfo's clients who accidentally misspell domaininfo.com for domainfo.com will use the e-mail domainfo@domainfo.com when contacting Domaininfo. This causes commercial harm for Domaininfo. With the above stated it can be concluded that the domain name is thus registered and being used in bad faith.

In accordance with the above stipulated, Kangmoon Park is hereby encouraged to immediately shut down domaininfo.com. This shall be executed within a week from receiving this letter. Further, Kangmoon Park shall in writing confirm a transfer of the domain name domaininfo.com to Domaininfo. Domaininfo will care for the owner transfer and expect cooperation from Kangmoon Park related to the execution of the transfer.

Unless our representative with Dipcon AB has received written confirmation that Kangmoon Park agree to transfer domaininfo.com to Domaininfo in accordance with the terms stipulated in this letter **by 2 PM CET on July 7 2008**, Domaininfo reserves the right to without further notice initiate legal proceedings against Kangmoon Park and/or initiate dispute resolution in accordance with the UDRP rules from ICANN, <http://www.icann.org/udrp/udrp.htm>.
